## Empower your org with **the world's most trusted** life-sciences ERP

Accelerate discovery, stay compliant, and scale—right out of the box

### End-to-End Batch & Lot Traceability
Track every raw material and finished dose for full GxP compliance and rapid recalls.

### FDA & cGMP Compliance Automation
Electronic signatures, audit trails, and 21 CFR Part 11 controls built in.

### Quality Management & CAPA
Embed QC tests in every workflow and trigger instant corrective actions.

### Real-Time Financials & Grant Management
Close the books fast, manage restricted funds, and satisfy investors with GAAP-ready reports.

### Adaptive Supply-Chain & Manufacturing
Live MRP, demand forecasting, and lab-to-plant visibility eliminate costly delays.

### True-Cloud Advantage
Secure, global access with no servers to patch—scales from R&D to IPO and beyond.
